COME TOGETHER

What makes life great? As you grow older you'll discover it's never just one thing. That's why we unite comfort, design and quality in every product we make. Together, they bring out the best in your day. Every day. For you and everyone you invite.

It's up to you to make the most of every moment. And we want to encourage you to go for it. All. The. Way. To involve all you see. All you know. All you feel. You can make it all come together.

6 REASONS

TO CHOOSE HARTMAN

50 years of experience

In more than 40 countries around the world.

1

2

Quality control

In our own testcenter following NEN-EN-581/ DIN-NEN-581.

3

Own production location in Holland

All our products are 100% Dutch design.

Optimum service and dealer support

Our sales support team allows you to order spare parts and in our brandportal you can download productshots and all the advertising material you need.

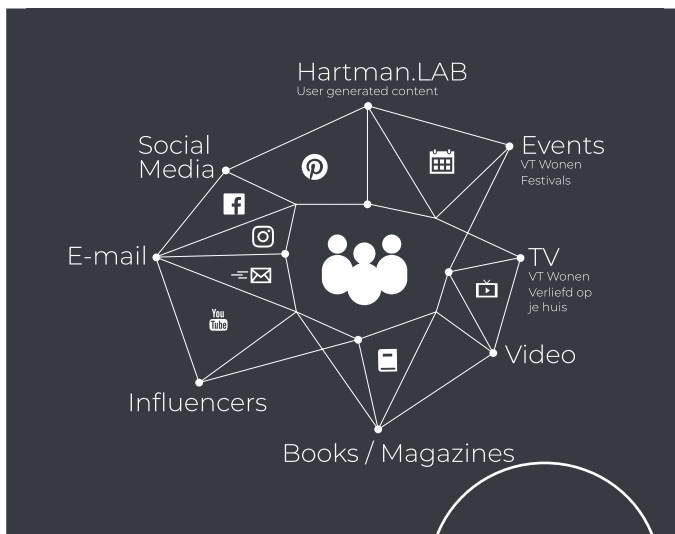

4

Our warehouse is your warehouse

You no longer need to hold stock in your warehouse for this part of the collection.

5

6

Marketing support

We brand Hartman in the best way possible. Creating the ultimate mix of print, events, television, magazines, online content, influencers and promoters.

Our materials

Resin

Resin is not only a material with great history in outdoor furniture. Nowadays it has become well-known for its versatility in colours, shapes, designs, adaptation and adjustment to all types of environment and is one of the most widely used materials in decoration. The resin is ecological material since it is 100% recyclable and does not require maintenance. Five years guarantee.

Aluminium

Aluminium is among the best materials you can find in the market for outdoor furniture. It is a very resistant material for rough weather conditions. It is not affected by humidity or water, but because of its trendy look, is also ideal for indoor longlasting decoration. Two years guarantee.

HPL

HPL is short for High Pressure Laminate and consists of a core of paper pulp and resin, with a top layer of melamine resin. A very hard material with a high level of abrasion resistance. This material is also resistant to strong household cleaners and solvents such as white spirit. Two years guarantee.

Wicker

The PP wickerwork used in this range is extremely weather-resistant and of the highest quality. Take a look at the detailing of the wicker and be amazed about the quality. The wicker range is a fine piece of craftsmanship from our experienced weavers. Two years guarantee.

All-Weather

The Hartman All-Weather collection is suitable for heavy use in extreme weather conditions. The Sunbrella fabric made with solution-dyed acrylic is resistant against long use in the sun. Thanks to the breathable function, the fabric does not develop any condensation by warmth or moisture. Also after long use the fabric remains smooth, pleasant and feels comfortable. The All-Weather range is incredibly easy to clean and maintain. Five years guarantee.

Ceramic

Ceramic is a perfect material for outdoor use. It is very resistant for heat, moisture and sun rays. The ceramic tabletops will not be affected by weather conditions, so you can easily leave it outside throughout the year. Ceramic is a low maintenance material with a high level of scratch and abrasion resistance and long lasting. The high quality ceramic adds elegance and weather resistance to any table. Two years guarantee.

Teak

Hartman is all about quality, which is why we use FSC or SLVK certified teak that is a minimum of twenty-five years old. Teak is a natural product; it lives, moves and responds to weather and environmental influences, but your furniture is still very robust and can withstand both sun and rain. These natural features give the product its charm. We provide extensive information on all the product's typical features so you can be certain that your furniture will look stunning for many years to come. We also provide practical cleaning, care and maintenance tips. We offer a two-year guarantee on our teak garden furniture.
