Introduction

This Midj price list is a descriptive tool containing the information necessary for the formulation of orders. Here are just a few important instructions to facilitate consultation.

Product description and finishes

The products are described in the finishes and materials with which they can be made shown in the materials section of our catalog and price list. Customer finishes, if technically practicable, can be supplied on request with a minimum surcharge of 5%.

Information on the stackability of the products is shown (where possible).

The seat heights indicated in the price list and catalog refer to the maximum height measured in the center of the seat.

Prices

Each item corresponds to a code number and an extension (eg: _N) that identifies the basic type. For each item and basic type, the VAT excluded prices are shown, for the available upholstery classes. Any increases are shown in the lower section of each item.

Order confirmation

The confirmation of the order can be made by us only after the complete clarification of the order: therefore samples, fabrics or customer leathers and other important indications must reach us in advance. The delivery term starts from the receipt of the acceptance of the order proposal and/or from the receipt of COM/COL materials. The execution process of all orders will follow our General Conditions of Sale.

Upholstery - Fabrics

Fabric consumption

The fabric consumption for each item is expressed in linear meters and is valid for fabrics of height 140 cm cm, solid color and not velvet type. The consumptions indicated refers only to the fabrics present in our box material.

Customer fabrics and leathers

The fabrics and leathers sent by customers must comply with the following regulations:

- The customer's fabric is available for minimum quantities of 6 pieces.
- In case of quantities of less than 6 pieces in COM/COL, a surcharge of Euro 150 will be applied.
- Before accepting any order in COM/COL, Midj may request a fabric sample for a prior feasibility assessment (minimum sample size 15x15cm). If the preli-

minary test is not exhaustive, Midj may request additional material for a whole sample production. During the production process, if there are difficulties in realization, due to the technical characteristics of the material, it may be necessary to request additional meters and delivery date could be postponed.

- Midj will not be in any way responsible for the appearance, durability, color brightness or any other issues related to the COM/COL material provided by the client.
- Midj's liability in relation to the goods in COM/COL is limited to any defects directly attributable to Midj's production.
- Custom's fabrics or leathers must arrive to our company provided with a transport document or invoice and the "Customer fabric-leather delivery form" shown below, completed in its entirety, specifying the side and direction for the application on the items. In the absence of this important mark, the order will not be produced.
- The fabric sent to us by customers must arrive at our company free of charge and, if coming from countries that are not EEC members, accompanied by the certificate of origin, which is essential for customs clearance in Italy. Any transport and / or customs costs incurred by us will be charged on the invoice.
- In the case of customer fabric with design connection, please send a photo of the fabric and tell us the exact position, in order to provide you with the actual consumption.
- For each roll of customer fabric shipped to us we require the mandatory addition of 1 m of extra fabric for initial testing.
- COL-customer leather: the leather sent to us must be suitable for upholstering small sized chairs and must have a thickness between 0.8 / 1.1 mm. Otherwise, a surcharge of € 10,00 / sqm is applied for extra work to be carried out before upholstery.
- Consumption per customer leather must be requested in advance to the Midj sales office.
- In the case of orders with custom's fabric in odd quantities, the consumption must be calculated as that necessary for the immediately higher unit. Example, for an order of 9 chairs, the material needed should be calculated for 10.
- For quantities over 10 pcs check consumption with the Midj sales office.
- Light colours do not have to be in contact with fabrics or clothes treated with colour addicts not fixed (for example jeans and its derivatives) or with not solid colour treatment, in order to avoid any colour spots and glows for which we CANNOT grant cleaning.

General terms of sale

Premises

These general terms of sale, together with the special terms specified in each Order Confirmation, regulate the purchase and sale agreement between Midj S.p.A. (hereinafter called Midj for short) and the purchaser (hereinafter called the Purchaser for short). The general terms of sale are an essential and integral part of the agreement and are intended to be fully accepted by the Purchaser when Midj transmits its ORDER CONFIRMATION.

Clause 1: Price list and validity

The prices specified on the attached price list, in euros, are gross (before discounts) and do not include VAT; standard packaging for products is included in the prices. The price list indicated herein are the recommended retail prices plus the applicable VAT of each Country. The price list cancels and replaces the previous one.

Clause 2: Changes to the price list

Without giving prior notice, Midj reserves the right to vary the prices and/or products specified on the price list. These changes in prices and/or products shall immediately apply as soon as the Purchaser is informed.

Clause 3: Purchase orders

The custom must send purchase orders to Midj in writing, indicating the identification code of the selected goods, the model, the quantity, the finishes and the dimensions. Midj reserves the right to accept or reject the order by sending written confirmation. Acceptance of an order is called "Order Confirmation". No purchase order can be canceled or modified after sending the "Order Confirmation".

Art. 4 Order changes

Changes to an order are to be understood as decreases in quantity, changes in articles, or variations in the finishes of an article. It is possible to request the modification of an order within 24 hours from the confirmation of the "Order Proposal", once the "Order Confirmation" document has been received, no changes will be allowed. In case of changes, the delivery times will start from the date of modification. The increase in quantities is considered a new order, the delivery date will start from the confirmation of the same. It will not be possible to accept more than one change for each order. Any changes to the delivery address upon sending the order confirmation subsequent to the order will be charged € 100 net.

Clause 5: Cancellation/Suspension of a purchase order

A purchase order cannot be canceled, suspended or postponed without Midj written consent. Any acceptations will be conditioned by the issue of an economic compensation that will take into consideration the costs incurred, the time provided, the use of the equipment and facilities and any further services rendered.

Clause 6: Delivery terms Goods are delivered "Ex-works Midj" (according to the current INCOTERMS). Any other term of delivery requested by the Purchaser shall require written authorization from Midj, and stated on the Order Confirmation or other document. It is mandatory for the number of pieces included in the packaging to be specified at the side of each model from the price list. Any periods of goods storage in Midj warehouse, beyond the period agreed, will be charged on invoice. The Purchaser therefore explicitly accepts that orders, when made for an odd

number of a product packed as an even number, shall be automatically increased to the next even number.

Clause 7 Terms of payment

Payment shall be made by the Purchaser, without any extra charges requested, in compliance with the terms specified on the Order Confirmation. For any delay in payment, Midj shall debit interest on arrears according to the provisions of Legislative Decree nr. 231/2002. Midj reserves the right to suspend all supplies of goods in any case of default even partial, of the agreed terms of payment on the part of the Purchaser. Moreover, Midj reserves the right to change any previously agreed payment terms, without any liability or any right.

Clause 8: Outdoor products

The products marked with the specific symbol are suitable for outdoor use. It should be noted that Midj uses three types of materials for products suitable for outdoor use: polypropylene, aluminum and steel treated with cataphoresis and powder coating. Each material responds differently to exposure to UV rays, chloride and salinity. Areas characterized by high humidity, such as near lakes and coastal areas favor chemical condensation and, due to the saline concentration naturally present in the atmosphere, the exposure of the steel or aluminum parts generates corrosive phenomena which progressively spread. In any case, it is advisable to evaluate with our team the most suitable type of material for the place of destination. It is always recommended to store it in a protected room in case of long periods of inactivity (≥ 3 months). Terraces, porches, patios and verandas, spas and locations near the sea are to be considered outdoor environments, even if covered and/or not directly exposed to atmospheric agents.

Clause 9: Shipment and transport terms

The date of preparation of the ordered products is indicated in the "Order Confirmation" document and is to be considered indicative. A delay shall not constitute a justifiable reason for cancelling an order or for any type of compensation and/or indemnity, unless otherwise agreed between the parties. Orders shall not be changed or cancelled later than 1 days after being confirmed by Midj. In the event of cancellation, an amount shall be charged equal to 20% of the value of the accepted order. Any damage to goods due to transport or any differences in quantity/quality to those specified on the delivery note must be reported at the time of unloading and indicated on the delivery note. Failing this, Midj shall not replace any delivered goods which have been damaged due to transport or which are incorrect.

Clause 10 Packaging

The packaging made by Midj is suitable for the transport of goods by road; the cardboard boxes must always be handled keeping the side indicated. Where possible, out standard packaging is allowed on request with a net charge of €20 for each package. Any specific packaging for transport by air must be specified at the time of the order. The supplement for special packaging is €50 net per pallet. Also, in case of need for a pallet compliant with the FAO ISPM 15 protocol, the request must be made at the time of the order and provides for a supplement of € 25 net for each pallet.

Clause 11: Customer fabrics and leathers

Fabrics and leathers sent by the customers must be provided with detailed documentation, which highlights materials specifications, Midj PO reference, as well as the technical specifications indicated in the "Introduction" section. In the absence of this important document, the order will not be processed. Materials sent to us by the customers have to be delivered to our company in free port terms and, if coming from extra-CEE countries, they have to arrive with the certificate of origin, which is mandatory for clearance in Italy. Any transport/clearance costs, that we will afford, will be charged on invoice.

Clause 12 Claims and warranty

The product warranty only covers the total replacement of the product or faulty parts due to manufacturing defects that are directly attributable to Midj. Any claims concerning the packaging, quantity, number or external characteristics of products (apparent defects), must be communicated to Midj by email together with photographic material, under penalty of forfeiture, within eight days of the date of receiving the goods. Any claims concerning defects that cannot be identified by examination at the time of delivery (non-visible defects) must be communicated to Midj by email together with photographic material, under penalty of forfeiture, within eight days of the date the defect was discovered, and in any case, no later than 12 (twelve) months after delivery. The warranty does not include any defects in the product caused by incorrect assembly, improper use or any use other than its intended use, non-observance of the use and maintenance instructions, or wear and tear. Any claim, dispute or allegation not ascribable to product defects may only be deemed valid if communicated in writing to Midj within eight days of the date of receiving the related invoice.

Clause 13: Returned goods

No returns shall be accepted unless previously communicated in writing and explicitly authorized in writing by Midj. Any returned goods must be returned, at the very latest, within 60 days of the approval given by Midj. Returns must only be made using vehicles sent by Midj and accompanied by a related document authorizing their return. It must be pointed that carriers may only be used upon prior written authorization from Midj. If the goods to be returned are not made available for collection twice running when the vehicle sent by Midj arrives, any authorization given for their return shall be cancelled and any goods sent as replacements shall be duly paid. When goods are returned, Midj shall immediately check their condition and, in the event of damage not ascribable to Midj, the value of individual pieces shall not be considered. If the goods are damaged, due to the absence of their original packaging (or any packaging required to keep the goods intact during transport), Midj shall be entitled to charge the Purchaser any costs required for repairs, or may not accept the goods. When goods are returned, a credit note shall be issued, which, in any case, shall be based on the prices of the specific invoice, for which details must be strictly specified on the delivery note for the returned goods. Any goods sent as replacements shall be duly invoiced. If the replaced goods are not returned within 60 days, Midj shall refuse to collect them and shall issue a bank order for full payment. In the event of non-payment, Midj reserves the

right to suspend deliveries as specified in CLAUSE 7 above. For replacements under warranty which involve returns, Midj reserves the right to invoice the goods sent as replacements if no manufacturing defects ascribable to Midj are found in these returned goods. The value of the returned goods shall not be compensated with the value of the goods to be delivered.

Clause 14: Samples allowance

The colors of the photographic materials in the present list, in catalogs and in the material samples, are indicative as it is technically impossible to reproduce the tones and finishes. Midj disclaims any responsibility for color matching requests with previously purchased articles.

Clause 15: Technical data, use and product maintenance sheet

In compliance with Italian Law nr.126 of 10/04/91 and Ministerial Decree nr.101 of 08/02/97, Midj provides a "Technical Sheet" in all its packages, which must be visible on all goods displayed. Midj shall not be held liable for any non-observance of this obligation on the part of the Purchaser.

Clause 16: Retention of title

It is agreed that delivered products shall remain the property of Midj until full payment of the price has been made by the Purchaser, even when any of the original delivered goods have been customized, finished and/or altered.

Art. 17: Sales conditions

The retailer can sell the products only through the points of sale indicated in the order confirmation. The resale of Midj products through retailers located in places other than those indicated in the order is subject to authorization from Midj, and has to be received in writing. In the event that a reseller decides to start the sale via e-commerce or via internet, he must notify Midj in writing and undertake to comply with the online sales policy and the criteria indicated by Midj.

Article 18: Online sales

Selling products via e-commerce or website must always be requested and authorized in writing by Midj. The domain name or names used must always be included in the request. Resale on third party marketplaces is expressly prohibited. The reseller is not allowed to register any domain name containing Midj brand or logo. The online e-commerce sales must be designed and developed in a workmanlike manner with a professional front-end result, and must be kept up to date from a technical point of view. Visitors should clearly acknowledge that this is a dealer site and not the official Midj site. The site must necessarily include information on the retailer, complete with legal information, privacy policy, sales conditions, contacts. The retailer undertakes to keep the contents relating to Midj products updated and to intervene promptly in the removal of items whose production has been discontinued, and to update materials and price list.

Clause 19: Court of jurisdiction

Any dispute arising from the interpretation and execution of the purchase and sale contract governed by these general terms of sale shall be settled by the Court of Pordenone.

However, Midj reserves the right to choose the Court where the Purchaser has its legal offices and /or its main offices.
